*"HAVING FUN WHILE RAISING FUNDS"*

**Cincinnati Children's Heart Institute/Kindervelt  
Neurodevelopmental and Educational Clinic**

## *From the President*

VOLUME 14 • ISSUE 3  
October 2015

Fall is in full swing – my favorite time of year! Kindervelt members have hit the ground running, beginning with September Presidents' Council and the Fall Market Rep meeting. The members of your citywide Board of Trustees are thrilled with the enthusiasm of our groups for so many wonderful projects and fabulous membership drives. It's so exciting to regroup after the summer months and once again become reinvigorated with our commitment and dedication to the Heart Institute Kindervelt Neurodevelopmental and Learning Clinic.

Market 2015 is heading toward us quickly! Ree Pebler and her committee are planning a fabulous evening filled with dinner, dancing, live and silent auctions, bakery, crafts, and raffles. There is a lot of hustle and bustle happening as the Steering Committee makes plans for the 40th Anniversary of Markt/Market. For the first time, our event will have all of the fun packed into one evening. Instead of a separate craft show the following day we will have lots of craft items available at the Gala. There are also three Mini-Markets scheduled at two of CCHMC locations. The first Mini Market will be at main campus on October 6th, so that employees and patient families can enjoy shopping for their Halloween items without having to leave the hospital. This looks to be an exciting year for Market – so grab your friends and join us for an evening of fun on November 13th at Cooper Creek Event Center.

Fall is the time of year when Kindervelt focuses on its membership drive. Kindervelt is on a mission to add more members. Now is the ideal time to re-energize your group by inviting your friends, neighbors and new acquaintances to one of your fundraising events.

Please encourage them to attend your group's meetings and ask them to consider joining your Kindervelt group. Sometimes all we need to do is ask! Don't miss the perfect opportunity to reach out and let other friends discover the joy of belonging to an amazing group – Kindervelt!

The Steering Committee for our second citywide event – Let the Good Times Bowl – has been meeting and working on plans for the event on February 27th. Make sure to save the date and plan to attend and bring your friends. If your company or another that you know of would be interested in participating as a team building exercise please let Chair Char McBrayer know. The committee is looking for sponsors and bowlers and needs the support of all of our members.

I would like to thank each of you for your ongoing dedication and commitment to Kindervelt. Together we can continue to make Kindervelt grow and positively impact our community! Thank you for all that you do.

Linda Lunceford  
Kindervelt City President

## Heart Institute Welcome James Tweddell, MD

On July 1, 2015 Dr. James Tweddell, Executive Co-Director, joined Dr. Robbins and Redington as part of the Heart Institute leadership team and, specifically, he will oversee and lead the cardiac surgical program.

The Heart Institute's vision is to be the elite academic program for family-centered pediatric care, research and education. Dr. Tweddell is the elite surgeon of his generation and has a worldwide reputation for outstanding clinical results based on team contributions to his outcomes. He has an extensive list of vital research contributions and is an excellent mentor in high demand for lecture and visiting \ professorships around the globe. Together, the co-directors will work to enable our researchers and clinicians to share their insights and discoveries more easily, so that they can develop and deliver new treatment approaches for patients more quickly and effectively.

*See below for a recent update from him regarding how he prepares for surgery cases:*

I have now been here in my-new-old-home for just about eight weeks. I am grateful for the warm and gracious welcome I have received. As the end of the summer draws near, our children return to school. The days are perceptibly shorter, and the intense heat and humidity of Cincinnati summers gives way here and there to a few days that are a little cooler and less sticky. With the end of summer a sense of seriousness of purpose descends upon us. Once again I redouble my efforts to become organized and get reviews, chapters and other projects completed on time in addition to the daily routines of the clinical realm.

In this new world of the electronic medical record, it seems our daily routine is increasingly one of completing of notes and orders. Many of the items we are required to complete are tracked as quality metrics that are hard to connect to outcomes but I would like to mention one routine practice here that I have found to be very helpful. Both in my old home and here in Cincinnati the surgeon sends out a description of the procedure the night before surgery. The communication involves a brief history, review of pertinent studies, a step by step plan of the operation, perfusion strategy, special equipment, instruments, prosthetic valves or patches that may be required and any anticipated postoperative concerns. The review of the data and planning of the procedure the night before a big case is akin to "active visualization" - a technique used by the elite Blue Angels acrobatic flying team of the United States Air Force. Flying real airplanes is expensive and can be dangerous so, first the pilots engage in armchair flying. While sitting in their chairs the pilots imagine the actual flight and respond to the commands of the flight boss by moving their imaginary controls as he calls out the orders. When I put together the operative plan for the next day I try to visualize the operation. What steps do I anticipate? What could go wrong? What will I need in case of an emergency? What is Plan B? Do I need a Plan C? As Mike Tyson said, "everyone has a plan until they get hit." One plan may not be enough.

In Milwaukee, this practice was initiated by one of my junior associates with my encouragement. As a matter of support and endorsement I also began to send out the pre-brief. My junior colleague's performance improved dramatically and, of course, I wasn't surprised. I knew he had room for improvement! But then I looked at my own data I was equally surprised. Although by this time I had been in practice for 15 years, both my bypass times and mortality were lower especially in the most complex patients! A musician may practice his or her instrument for many hours before performing a single piece for an audience. In surgery we don't have the luxury to rehearse the actual operation. We need to rely on armchair surgery or "active visualization." The pre-brief requires that we take the time to quietly review the upcoming surgery. So I was very pleased to find this routine already in place here, one I consider a real quality metric.

I have been impressed by new colleagues and my new surroundings. I am excited about the future and look forward to building on the foundation that has already been established.

## Libby Baker

Libby Baker is a member of Kindervelt #56, Northern Kentucky. She has been a member of this group for 28 years. When Libby joined Kindervelt, she was working full time so she wanted any available time she had to be spent making a difference. She wanted her commitment to count, and Kindervelt fit her expectations then and now.

Libby grew up in Clendenin, West Virginia. She went to Glenville State College studying Language Arts / Secondary Education. She has been married to her husband Hayden for 46 years, and they have two sons, Ethan and Jeb. She also has three dogs (two of which exceed 100 lbs), and both she and her husband encourage adopting pets from local shelters.

Libby has held many offices in her group. She has been President many times, Vice President, Projects, & Secretary. She also has held many citywide positions. She chaired Tennithon, and served on that steering committee. She has devoted many years to Markt/Market by being Secretary, Co-Treasurer, and Facilities & Personnel. She also helped with Sport-a-Thon.

Libby is also the Lakeside Park representative for America Supporting Americans (ASA). The ASA supports the adopted soldiers from Ft. Campbell, Kentucky.

When asked about an interesting or funny story about Kindervelt, Libby shared that when she was the Hospitality Chair for the National Collegiate Rowing Championship, she was feeling very confident that she had everything in place and taken care of – chairs, table, tents all set up a day ahead. But, that night a storm blew EVERYTHING into the lake! They had to get many trucks full of mulch, spread it out, and hope it soaked up the water and mud!

When asked to share her thoughts or advice on Kindervelt, Libby stated, "Kindervelt is a perfect fit – donate your time when you have time to donate. Miracles are performed daily at CCHMC – how wonderful to contribute to that success!"

We are so thankful to have Libby as a member of Kindervelt. She is an inspiration to us all!

A favorite quote of Libby's;  
*What you do speaks so loud that I cannot hear what you say –*

### **One Week Presidential Time Share at the Grand Solmar in Cabo San Lucas, Mexico.**

It is at "Lands End".

This timeshare has two bedrooms, three baths, a kitchen, and a balcony that overlooks the point where the Sea of Cortez meets the Pacific Ocean. Climb a few rocks and you are at the famous Arch....depending on the tides. Whales leap right in front of you while you are enjoying a drink in one of the many infinity pools.

Walk to town in the evening for dinner.

It is one of the most difficult timeshares to get into, in the world. The Grand Solmar does NOT allow non-members to rent 2 or 3 or 4 bedroom units from them. This is your chance to live the life of the elite. Air and transport is NOT included.

## Hello from KV 24 Pioneers "The Men's Group"

I want to thank all of the KV members that joined our **Fantasy Survivor League** and give you an update on the progress of our first fund raising event. We had a total of 37 participants @ \$20.00 each. Total = \$740 70% of the gross approximately \$510 is designated as net proceeds. The remaining \$222 will be divided between the First, Second & Third place finishers.

After just 2 weeks of NFL Football there were many injuries and missed opportunities that lead to a bunch upsets (For a Charity Survivor league that is a good thing). Week 1 saw 30% of the participants lose with the losses by Seattle and Indianapolis. Week 2 saw almost everyone else eliminated with the upsets of Indianapolis and New Orleans. We are now down to just 2 players left in the field of 37. If the current trend continues we anticipate a winner in week 3.

Now for the really good news; if we declare a winner in the next few weeks there are plenty of games remaining to re-set and do another round. For all of you that did not get to play in round 1 you will have a chance to test your football skills in round 2.

You will receive a notice when the enrollment is open for Round 2. The more players we have the bigger the payout with incremental contribution to Children's Hospital. Our goal for the next round is 50 or more players! Enrollment is not restricted, anyone can join the fun. If you're not a football fan I'm sure you know a family member or friend that is following a team or league. Hit that send button on your computer and pass it on to your Facebook followers, Twitter accounts, Instagram or just conversation. Fantasy Football Survivor Leagues are growing in popularity; there are hundreds of lists, some with over 500 participants. Fantasy Football is a fun way to follow the action and a chance to win \$\$\$\$. Please keep in mind enrollment is open to all, the more that play the more \$\$\$ for KV and Children's Hospital.

We will keep you updated as the NFL season progresses. Stand by for Round 2.

President KV-24

## **THE KINDERVELT NORTH POLE EXPRESS**

**HITS THE RAILS SATURDAY, NOVEMBER 21, 2015**

For the past 17 years, literally thousands of families have enjoyed the tradition of rolling in the holidays on board the Kindervelt North Pole Express.

For one day only, on the Saturday before Thanksgiving, November 21, Wyoming's Kindervelt Group #8 will again host this fun event, with the vintage train departing from the Lebanon Mason and Monroe Station in historic Lebanon.

Included in the festivities are cookies, cocoa or coffee, costumed characters, narration of the book, The Polar Express (copies available for sale), Christmas carols enthusiastically led by elves, a personal visit with Santa and much more. Photo opportunities abound, and your children will be providing you with plenty of smiles. And pajamas are welcome on all rides!

The train has seven departure times, from 10 a.m. to 5:30 p.m., with each ride lasting 45 minutes. Tickets are \$18.00 per person. Group tickets must be ordered together. Order forms may be ordered through the hotline at (513) 588-0074, or downloaded from [www.kindervelt.org](http://www.kindervelt.org) after OCTOBER 1, at which time ticket sales begin.

As in the past, all proceeds go towards Cincinnati Children's Hospital Medical Center, specifically the Heart Institute/Kindervelt Neurodevelopmental and Educational Clinic.

**Don't miss out on all the fun!**

**TICKET SALES BEGIN OCTOBER 1. DON'T WAIT TOO LONG – THE RIDES SELL OUT!**

Each of the four cars is a party unto itself, with the book Polar Express being read, carols being sung, and Christmas wishes being shared with Santa

KV #8 members, Cathy Brewer and Joan Hock, along with a youth volunteer help decorate the hospitality tent where riders would later enjoy their cookies and cocoa.

With years of experience with this event, JoAnne Edie, Ginny Myer, and Cathy Brewer got right to work decorating the grounds of the historic Lebanon depot.
