**VOLUME 15    ISSUE 9**  
**March 2017**

When a child breaks a bone or has chronic ear infections, there is a clear and standard course of treatment that care providers can prescribe. However, when a child faces mental health issues, there is no "one-size-fits-all" approach to healing and wellness.

Behavioral experts have found many types of experiential therapies can help a child through his or her psychiatric diagnosis. One of the most successful has proven to be animal therapy, specifically horses which can have a calming and therapeutic effect for children with behavioral and psychological challenges. This type of therapy is known specifically as equine facilitated learning (EFL) and The Division of Child and Adolescent Psychiatry at Cincinnati Children's has developed an EFL program for our children admitted into our Residential Treatment Center struggling with mental and behavioral issues.

The EFL program began in 2004, partnering both a Certified Therapeutic Recreation Specialist (CTRS) and an equine expert. Through the years, Cincinnati Children's has added a small barn and riding arena on our College Hill Campus. This on-site presence allows children who may not be safely transported in our community the opportunity to engage and benefit from this fantastic program. Children meet with a CTRS and a horse expert twice a week for six weeks as they work side by side to build their skill with their horse and confidence in themselves. In the beginning the therapy focuses on building a relationship with the horse through grooming and basic ground work. By the end of the six weeks the kids have the opportunity to ride their horse and even participate in a trail ride.

Through the course of this program, kids gain insight into their own situations by discussing their feelings and behaviors while working with the horses. The intent is to apply those learnings to other areas of life. Non-verbal communication, assertiveness, creative thinking, problem solving and leadership are among the many skills participants develop throughout the course of program. As one of our patients shared following a session, "It's pretty hard to not feel important when you are on a top of a horse".

The program's primary focus is utilizing an alternative treatment that improves self-esteem, builds healthy relationships and teaches effective communication with an emphasis on being assertive. In the beginning, kids are often hesitant, anxious, and scared; by the end they are confidently riding, showing off their newly acquired skills to their friends, family and our staff. From a program "graduate": "I walked into the program being terrified of horses, and I thought I was going to get hurt, but horse therapy has been one of the most helpful things since I've been here."

Many of the kids in the program form special bonds with their horse, and begin to identify similarities and differences that exist in their relationships with significant people in their lives – and apply those realizations. One patient shared this sentiment, "I learned that you have to build trust with your horse by not giving up on it."

Anecdotally all of those who are involved in this program believe that we are properly using these resources to improve the outcomes in the children and families we serve. To provide objective evidence, Cincinnati Children's has initiated pre and post program outcome measurements to further validate this program's impact. While it is still early in that data collection, initial cohorts show an average improvement in participants' self-esteem score of 58%!

We are proud of the work we do and are motivated to continue our work through this EFL program. We look forward to continuing to measure our progress- one child at a time- and are excited by the potential implications this program has in improving the mental health for our children and the functioning of our families.

## From the President

Winter is coming to an end and Kindervelt events are popping up all over the calendar. There are fashion shows, luncheons, bunkos, bingos, candy sales, and much more. I am really excited to attend a lot of these events. Check out the Upcoming Events page to choose which ones you'd like to attend.

I'd like to congratulate Char McBrayer and the Let the Good Times Bowl committee for a very successful bowling event. A great time was had by all.

By now, I hope you have all received the letter and survey regarding our membership evaluation. The Membership Committee and the Kindervelt Board of Trustees have been discussing possible changes to the operations of Kindervelt to keep it one of the premier non-profits of the Cincinnati area. If you have not yet submitted the completed survey, please take a couple of minutes to do so. We want input from the entire membership to make the best decisions that will benefit all members. If you did not receive the survey, please let me know and I will make sure you get it.

I also strongly encourage you to consider holding a position on a citywide level. If you've been wanting to get more involved in Kindervelt and take it to the next level, Mary Anne Stenger and the Nominating Committee are currently taking nominations for next year's Board of Trustees, Gala Chair and Chair -elect, KV Kraft Chair-elect, and Let the Good Times Bowl Chair-elect. There is a variety of positions available that are suitable for all interests. I have found it a very rewarding experience and I think you will, too. If you interested, please contact Mary Anne or me and we can discuss the possibilities.

Thank you for all you do for Kindervelt. You are greatly appreciated.

Tracy Smith  
Kindervelt City President

## THE BARBARA FITCH AWARD

Dear Members,

In 2005, the Kindervelt Board of Trustees was looking for a way to recognize individuals who **exhibit an enthusiasm and positive attitude toward the goals of the organization**. Thus, the Barbara Fitch Award was created. This annual award was named for one of our founding members who has since become a prominent supporter of Kindervelt and the needs of Cincinnati Children's Hospital Medical Center.

The Barbara Fitch Award committee is responsible for the selection of the recipient. This committee is comprised of five Kindervelt members including; the City-Wide Vice President who serves as Chair, the Immediate Past President, the Immediate Past Gala Chair, the immediate past Kraft Chair, the immediate past Let the Good Times Bowl Chair, and two at-large members. After all qualified nominations are reviewed and a decision made, the nominator will be contacted to ensure the recipient, along with friends and family, attend the Kindervelt Annual Meeting where the award is presented.

The committee is looking for an exemplary individual to honor, so please consider any current Kindervelt member for nomination! This person should be **dedicated and committed**; one who is **an ambassador for Kindervelt in the community**, who is **an active contributor to her local group**, and who **gladly gives her time, talents and energy** to promote our cause. The nominee should **represent the true spirit of charity** as well as **embody the mantra "others before self"**.

If you know of an outstanding Kindervelt member who personifies these characteristics, please submit the on line nomination form no later than April 21, 2017. In order to give a complete understanding of your nominee's qualifications, I encourage you to be explicit and submit feedback from multiple members to support your nomination. And as a reminder, this is a confidential process and the announcement of the winner is kept a surprise.

Thank you,

Stacy Durr-Stainton  
City-Wide Vice President

## **“Let the Good Times Bowl”**

Saturday, February 25<sup>th</sup> Kindervelt hosted another successful citywide event. The 5<sup>th</sup> Annual “Let the Good Times Bowl” was held at Axis Alley on the Levee. Bowlers enjoyed a fun atmosphere of friendly competitive bowling during the two sessions from 3-5 and 6-8. Thank you to everyone who participated in the event and support Kindervelt Psychiatric Emergency Assessment Center – KVPEACE at Cincinnati Children’s.

Trophies were awarded to our major sponsors, which include; Bahl & Gaynor Investment Counsel-Spare Sponsor (\$5,000), Phototype-Hook Sponsor (\$1,000), and Axia Consulting-Hook Sponsor (\$1,000).

Trophies were awarded to the high and low average score at each session. **Session One**; High Average- Axia Consulting and Low Average –Psychiatry Team 1. **Second Session**; High Average- Kao Collins Inkjet and Low Average – Psychiatry Team.

Our trophies are created by Cincinnati Children’s Champion Kids comprised of children that have spent time at Cincinnati Children’s with a health issue. Each year the bowling committee is given bowling pins from Axis Alley and the Champion Kids paint each pin at a special party planned by the Medical Center. Bases are made and labels created. The pins then become the trophies to present each year at the event.

Split-the-Pot raffle was planned for each session. The winner for session one was Lashanda Wright, she bowled with the Psychiatric Department and won \$87.00. The winner session two was Dan Nelson; he bowled with the Psychiatric Department also and won \$209.00. Dan donated his split back to Kindervelt. Thank you and congratulation to both winners.

The eight raffle packages offered were well received. Ticket sales were high and we had very excited winners at the end of the evening. The winners were:
