CCHMC Residency Program & National Shortage of Providers

For over a decade, many reports and studies have shown the undersupply of child and adolescent psychiatrists in the United States. One Surgeon General's report (1999) reported that only about 20% of children and adolescents with mental health illnesses receive mental health services. According to the Dartmouth Institute for Health Policy and Clinical Practice, there is an estimated one psychiatrist per 1,807 children who need services in the United States. Not a single state in the country has a sufficient number of child and adolescents psychiatrists. At the same time, the demand for mental health services is greatly increasing. This is why recruitment of medical students into Psychiatry training programs is essential for providing the needed mental health services for our youth.

In association with Cincinnati Children's, the University of Cincinnati offers one of the most well-established child and adolescent psychiatry training programs in the country. Residents complete three years of training in general psychiatry before joining our Child and Adolescent Psychiatry Fellowship Program (CAP) for two years. Each year, the Cincinnati Children's CAP program accepts up to 3 residents into the program.

The training program was started by Othilda Krug, M.D. in the mid-1940s at the University of Cincinnati. It developed the reputation of being one of the largest and best training programs for child psychiatrists, with a strong focus on psychoanalytic psychotherapy. The program has trained numerous child psychiatrists over the years. For the most part, the program directors have retained their positions for substantial periods of time: Othilda Krug, M.D. (1948-1984), Brian McConville, MD (1984-1995), Michael Sorter, MD (1995-2002), John Daniels, MD (2002-2005), and Suzanne Sampang, MD (2005-present).

Eventually, Cincinnati Children's Hospital became the major training site as this large medical center presented a vast array of training experiences. In 2004, the sponsoring institution was changed from The University Hospital / University of Cincinnati to Cincinnati Children's Hospital Medical Center to reflect this. The focus of the training has also changed as the field of child psychiatry has evolved. The focus of our educational program now is balanced between psychopharmacological/biological interventions and psychotherapeutic treatments. Our clinical and research programs continue to grow and expand, offering more educational opportunities for our trainees.

Alaska has *The Bridge to No Where*, but CCHMC has the bridge to care - **PIRC Bridge Clinic**. In January of 2017, the volume of patients coming to the emergency department requesting psychiatric assessment was overwhelming. So, the Mental Health Task Force recommended a psychiatric clinic be developed to provide access to care for patients who were in crisis. This is when the Psychiatric Intake Response Center (PIRC) Bridge Clinic was implemented. The PIRC Bridge Clinic was designed to:

- minimize unnecessary emergency department visits
- minimize acute psychiatric admissions
- provide crisis management interventions
- support transition to ongoing mental health providers

The PIRC Bridge utilizes an integrated care model to help patients and family members access mental health services. The goals were simple and focused on improving the experience of the patient and families. Licensed independent clinicians, a psychiatrist, two APRN's and Intake Coordinators are the staff for the PIRC Bridge. The PIRC Bridge is not an outpatient therapy clinic. It is an alternative to the emergency department or psychiatric admission. The PIRC Bridge provides crisis appointments and telephonic support to begin the process of helping the patient begin to develop healthy coping skills, to manage the crisis event and to assist the patient and family on navigating the mental health system to secure ongoing services. A total of 876 patients have been referred to the PIRC Bridge since January of 2017. The percent of patients returning to the ED or in need of a psychiatric admission is about 2%.

Thank you for your continued support to change the outcome, together.

From the President

Spring is just around the corner and I am ready for green grass, daffodils and sunshine.

We have some amazing events in the next few months. Please check out the "Upcoming Events" page and plan to support your fellow Kindervelt groups.

Our final Member Meeting of the year will be on April 10 at Sabin Hall in Liberty Center, Liberty Twp. Our speaker will be Jane Portman, the new Hospital Board Chair. She will be speaking about the new addition to the hospital and other hospital news. An event invite will be sent out the first week of April to all members, but please put the date on your calendar now. I look forward to seeing you all there.

Kindervelt will again be partnering with Semco Outdoor for their Spring Event on April 20 – 22. We will be selling discount cards for \$5.00 and will receive 10% of the weekend sales. The discount cards will be distributed to all groups to sell. Your group will keep any money made from selling the cards. We are in need of volunteers to work the Home & Garden Show on March 1-4 at the Semco Booth, and also the event in April. Click [Semco Sign-up](#) to register to work.

Our final event of the year will be the Annual Meeting on Wednesday, May 16 at the Cincinnati Woman's Club. Linda Deters, the event Chair, is planning a fun, exciting evening. Please plan to attend this celebration of another successful year of "Having Fun While Raising Funds" for the Division of Child and Adolescent Psychiatry and KV PEACE.

Thank you so much for all you do for Kindervelt!

KINDERVELT OF CINCINNATI CHILDREN'S HOSPITAL MEDICAL CENTER

“...Having FUN while raising FUNDS”

THE BARBARA FITCH AWARD

Dear Members,

In 2005, the Kindervelt Board of Trustees was looking for a way to recognize individuals who **exhibit an enthusiasm and positive attitude toward the goals of the organization**. Thus, the Barbara Fitch Award was created. This annual award was named for one of our founding members who has since become a prominent supporter of Kindervelt and the needs of Cincinnati Children's Hospital Medical Center.

The Barbara Fitch Award committee is responsible for the selection of the recipient. This committee is comprised of five Kindervelt members including; the City-Wide Vice President who serves as Chair, the Immediate Past President or President Elect, the Annual Meeting Chair, and two at-large members chosen by the City-Wide President. After all qualified nominations are reviewed and a decision made, the nominator will be contacted to ensure the recipient, along with friends and family, attend the Kindervelt Annual Meeting where the award is presented.

The committee is looking for an exemplary individual to honor, so please consider any current Kindervelt member in good-standing for at least 5 years for nomination! This person should be **dedicated and committed**; one who is **an ambassador for Kindervelt in the community**, who is **an active contributor to her local group**, and who **gladly gives her time, talents and energy** to promote our cause. The nominee should **represent the true spirit of charity** as well as **embody the mantra "others before self"**.

If you know of an outstanding Kindervelt member who personifies these characteristics, please submit the on line nomination form no later than April 27, 2018. In order to give a complete understanding of your nominee's qualifications, I encourage you to be explicit and submit feedback from multiple members to support your nomination. And as a reminder, this is a confidential process and the announcement of the winner is kept a surprise.

Thank you,

Stacy Durr-Stainton
City-Wide Vice President
